

Release - June 2020

07/17/2024 1:48 pm EDT

Security

New permission required to access security settings.

This must be enabled by the DocBoss team, based on direction from the managing user.

The screenshot shows the 'User accounts' section of a web application. It features a table titled 'Accounts List' with the following columns: Colour, Login, Name, Role, and Security Permission. A red arrow points to the 'Security Permission' column, highlighting the 'Y' in the first row.

Colour	Login	Name	Role	Security Permission
	admin	Brad Brown	admin	Y
	cmu@docboss.com	Carl Mueller	full	N
	chris@docboss.com	Chris Jones	admin	N
	demoview@docboss.com	Demo Viewer	view	N
	EngReviewProject@docboss.com	John Smith	reviewer	N
	EngReviewProject@docboss.com	Kim Lee	reviewer	N
	louis@docboss.com	Louis Bernier	admin	N
	demoview@docboss.com	Neil Head	reviewer	N
	sam@docboss.com	Sam Adams	reviewer	N
	tunde@docboss.com	Tunde Oshodi	admin	N

At the bottom of the table, there is a pagination control: 'No more pages' followed by a refresh icon and 'Show on Page: 20' with a dropdown arrow.

User Multi-factor Authentication

For a full description of user side MFA, see [this page](#)

Submittal Recipient Multi-factor Authentication

For a full description of recipient side MFA, see [this page](#)

Various system updates based on our recent security audit.

Interface updates

Mapping Internal Codes

Allow users to apply mapping codes directly from the source code list.
