Why DocBoss (for YOUR customers)

10/02/2025 2:59 pm MDT

Periodically, we have customers looking for marketing material to include with bid packages. They are looking for something to help them stand apart on competitive bids.

We have created a document which helps you promote your investment in DocBoss.

- Why you choose to spend time and money on DocBoss.
- Why it makes you a better partner.

This document is a POWERPOINT so that you can "make your own pdf". The text is not editable, but just drag your logo (as an image) over the "add logo here" text on page 1. Then print to PDF.

Please reach out to us if you would like a copy of this document!
