

Getting rid of '(Sheet 1 of 1)' from Manual Cards

08/02/2024 3:39 pm MDT

"Sheet Adder" was created to allow users to count the number of sheets on the Manual Cards (i.e. sheet 1 of 1 if only one Card).

The screenshot shows the 'Card List' interface with various filters and a table. The table has columns: Required, Doc Code, Title, Wolfe PA Doc # 1, and Level. Two rows are visible, both with '(Sheet 1 of 1)' in the 'Wolfe PA Doc # 1' column.

Required	Doc Code	Title	Wolfe PA Doc # 1	Level
<input checked="" type="checkbox"/>	A01	Bill of Material	147569-A01-0002-001 (Sheet 1 of 1)	Manual
<input checked="" type="checkbox"/>	A01	Spare Parts List	147569-A01-0003-001 (Sheet 1 of 1)	Manual

Sheet Adder is included in the internal document number but it can be removed from the Project Field Template > set "Display Sheet Adder for Manual Card" to NO.

The screenshot shows the 'Project Settings' interface. The 'Display Sheet Adder for Manual Cards' setting is set to 'No' and is highlighted with a red box and a red arrow.
